

Transmission Apparatus by Unidentified Sound Object

| Filename | Description |
|-----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Transmission_Apparatus_am-tuning_long_01.wav | Radio broadcast am band hum static background noise interference crackle garbled transmission distant broken voices |
| Transmission_Apparatus_am-tuning_long_02.wav | Radio broadcast am band hum static stream background noise interference transmission heavy buzz distortion tonal |
| Transmission_Apparatus_am-tuning_long_03.wav | Radio broadcast tuning across am band hum noise interference transmission garbled communications scan voices music phasing |
| Transmission_Apparatus_am-tuning_long_04.wav | Radio broadcast am band hum stutter stream background noise modulation interference transmission heavy buzz distortion tonal |
| Transmission_Apparatus_am-tuning_long_05.wav | Radio broadcast am band hum stutter noise modulation interference transmission heavy buzz distortion tonal crackle burst |
| Transmission_Apparatus_am-tuning_long_06.wav | Radio broadcast am band stutter noise modulation interference transmission tonal high pitch pulsing phasing electronic signal |
| Transmission_Apparatus_am-tuning_long_07.wav | Radio broadcast am band static stream background noise interference transmission tonal high pitch signal amplitude modulation |
| Transmission_Apparatus_am-tuning_long_08.wav | Radio broadcast am band static stream background noise interference transmission tonal drone hum electricity phasing steady |
| Transmission_Apparatus_am-tuning_long_09.wav | Radio broadcast am band interference transmission tonal high pitch phasing electronic signal static waves whirring |
| Transmission_Apparatus_am-tuning_long_10.wav | Radio broadcast tuning across am band frequencies scan noise interference transmission pitched electro bubble tone searching |
| Transmission_Apparatus_am-tuning_short_01.wav | Radio am band scan hum noise interference transmission communications harsh searching crackle buzz random pops generic |
| Transmission_Apparatus_am-tuning_short_02.wav | Radio broadcast am band hum noise interference transmission communications fast scan searching voices chatter indistinct |
| Transmission_Apparatus_am-tuning_short_03.wav | Radio am band scan hum noise interference transmission communications harsh searching crackle buzz random generic |
| Transmission_Apparatus_am-tuning_short_04.wav | Radio am band hum noise interference transmission communications harsh searching crackle buzz steady generic |
| Transmission_Apparatus_am-tuning_short_05.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_06.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_07.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_08.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_09.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_10.wav | Radio am medium speed scan across band noise interference transmission random tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_11.wav | Radio am medium speed scan across band noise interference transmission random tuning searching buzz garbled voices |
| Transmission_Apparatus_am-tuning_short_12.wav | Radio am medium speed scan across band noise interference transmission random tuning searching buzz garbled voices |
| Transmission_Apparatus_am-tuning_short_13.wav | Radio am medium speed scan across band noise interference transmission random tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_14.wav | Radio am fast speed scan across band noise interference transmission random tuning searching buzz garbled indistinct |
| Transmission_Apparatus_am-tuning_short_15.wav | Radio am fast speed scan across band noise interference transmission random tuning searching buzz music tonal |
| Transmission_Apparatus_am-tuning_short_16.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz electricity |
| Transmission_Apparatus_am-tuning_short_17.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz garbled voices |
| Transmission_Apparatus_am-tuning_short_18.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz garbled voices |
| Transmission_Apparatus_am-tuning_short_19.wav | Radio am fast rapid scan across band noise interference transmission random stutter tuning searching buzz garbled voices |
| Transmission_Apparatus_am-tuning_short_20.wav | Radio am band hum stream background noise interference transmission buzz distortion malfunction high pitch heavy crackle |
| Transmission_Apparatus_fm-tuning_001.wav | Radio fm fast scan across band tuning garbled music voices noise transmission granular burst crackle searching interference |
| Transmission_Apparatus_fm-tuning_002.wav | Radio fm fast scan across band tuning garbled music voices noise transmission granular burst crackle searching interference |
| Transmission_Apparatus_fm-tuning_003.wav | Radio fm fast scan across band tuning garbled music voices noise transmission granular burst crackle searching interference |

| | |
|------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Transmission_Apparatus_vocal_processing_short_22.wav | Radio spectral processing frequency shifting high pitch vocal garbled degraded speech voices distortion artifacts harsh indistinct |
| Transmission_Apparatus_vocal_processing_short_23.wav | Radio spectral processing frequency shifting vocal garbled degraded speech voices distortion artifacts harsh indistinct harmonic |
| Transmission_Apparatus_vocal_processing_short_24.wav | Radio spectral processing filtered vocal garbled degraded speech voices scan distortion artifacts interference muffled indistinct |
| Transmission_Apparatus_vocal_processing_short_25.wav | Radio spectral processing noise male vocal garbled degraded speech voices scan distortion artifacts interference harsh indistinct |
| Transmission_Apparatus_vocal_processing_short_26.wav | Radio spectral processing noise male vocal garbled degraded speech voices scan distortion artifacts interference harsh indistinct |
| Transmission_Apparatus_vocal_processing_short_27.wav | Radio spectral processing noise male vocal garbled degraded speech voices scan distortion artifacts interference harsh phasing |
| Transmission_Apparatus_vocal_processing_short_28.wav | Radio spectral processing noise distant filtered male vocal garbled degraded speech voices scan distortion artifacts interference tonal |
| Transmission_Apparatus_vocal_processing_short_29.wav | Radio spectral processing noise distant filtered male vocal garbled degraded speech voices scan distortion artifacts interference tonal |
| Transmission_Apparatus_vocal_processing_short_30.wav | Radio spectral processing filtered male vocal granular degraded speech voices scan distortion artifacts interference repeating tonal |
| Transmission_Apparatus_vocal_processing_short_31.wav | Radio spectral processing filtered male vocal granular degraded speech voices scan distortion artifacts interference repeating tonal |
| Transmission_Apparatus_vocal_processing_short_32.wav | Radio spectral processing frequency shifting distortion artifacts harsh burst noise transmission tuning scan harsh interference buzz |
| Transmission_Apparatus_vocal_processing_short_33.wav | Radio spectral processing frequency shifting distortion artifacts harsh burst noise transmission tuning scan harsh interference buzz |
| Transmission_Apparatus_vocal_processing_short_34.wav | Radio spectral processing male vocal garbled degraded speech voices distortion noise artifacts interference indistinct stutter harsh |
| Transmission_Apparatus_vocal_processing_short_35.wav | Radio spectral processing noise granular vocal garbled degraded speech voices scan distortion artifacts interference muffled indistinct |
| Transmission_Apparatus_vocal_processing_short_36.wav | Radio spectral processing noise granular vocal garbled degraded speech voices scan distortion artifacts interference muffled indistinct |
| Transmission_Apparatus_vocal_processing_short_37.wav | Radio spectral processing noise male vocal garbled degraded speech voices scan distortion artifacts interference harsh indistinct |
| Transmission_Apparatus_vocal_processing_short_38.wav | Radio spectral processing filtered vocal granular degraded speech voices distortion artifacts interference harsh indistinct scan |
| Transmission_Apparatus_vocal_processing_short_39.wav | Radio spectral processing filtered vocal granular degraded speech voices distortion artifacts interference harsh indistinct stutter glitch |
