

Piano Deconstruction

96 kHz / 24 Bit

By KLAP Sound

FileName

Description

Duration

The recordings are made with a 3-channel setup that consists of various combinations of Sennheiser MKH8020 / 8040 microphones.

The used combination for each particular take is part of the filename:

Ow/Cw = Omni (MKH8020) or Cardioids (MKH8040) in a wide configuration

On/Cn = Omni (MKH8020) or Cardioids (MKH8040) in a narrow configuration

LC80 = a low cut filter at 80Hz was applied during recording

Od/Oc/Cd/Cc = describes the position and type of the microphone for the mid-channel

“d” means distant, “c” means close position in relation to the Left and Right microphones
